

Artist Canvas Gloss

Artist Canvas Gloss is a single-side coated, gloss finish, instant-dry artist canvas. This product is an acid free raw canvas with an acid free inkjet receptive coating. There are no optical brighteners to cause yellowing.

Uses

Artist Canvas Gloss is a good choice for fine art prints for galleries or art shows; commercial art production for hotels, restaurants, etc.; and theater stage backdrops.

Advantages

Artist Canvas Gloss provides high gamut, brilliant color saturation and is waterfast with most dye and pigment inks. Combined with a gloss finish, this eliminates the need for spray or varnish overcoats. The double-weave canvas resists cracking when stretched and framed. Its microporous coating provides superior imaging while allowing the natural weave, texture, and surface variability to lend their aesthetic qualities to the final print. Best of all, Artist Canvas Gloss is dry to the touch immediately after printing — making it the perfect choice for a high-production artist canvas.

The QMLS difference

Quality comes first at QMLS. We find the best solutions for your mounting and laminating needs and bring them to you... on time and on budget. So you never have to worry about waste, reprinting, or

Size	Catalog#
36" x 40'	9736
42" x 40'	9742
44" x 40'	9744
50" x 40'	9750

Specifications	
Thickness	20 mil / 465 µm per ISO535
Weight	92 lb / 350 g/m ² per ISO536
