

Ultra SAV

Ultra SAV is a self-adhesive vinyl that is designed to withstand up to 12 months of outdoor use without lamination.

Uses

Main uses include outdoor POP and signage, fleet graphics, and storefront advertising.

Advantages

When you want a water-fast, fade-resistant, abrasion-resistant medium for outdoor applications, Ultra SAV is the right choice. It has a matte finish and accepts heavy pigmented ink coverage. Images can withstand up to 12 months outdoors without laminating — longer if laminated.

Size	Catalog#
36" x 40'	6636
42" x 40'	6642
50" x 40'	6650

Printer	Ink
Hewlett-Packard 25/3500	Pigment only
Hewlett-Packard 5000	Dye acceptable Pigment excellent
Encad, all models	GO only
Epson 9500/10000	Pigment
Colorspan, all models	Dye acceptable Pigment excellent

Finishing Recommendations

Lamination is not required for prints remaining outdoors for up to 12 months. For prints remaining outdoors for more than 12 months, lamination with Instashield Lustre is recommended.

Mounting

This product has a permanent acrylic adhesive which can be removed with little or no residue. To ensure best results, use a felt-covered squeegee when mounting.

Specifications	
Adhesive	Permanent acrylic
Opacity	84% per TAPPI T538
Caliper	6.0 mil for vinyl plus adhesive 13.0 mil for total construction
Whiteness	81 minimum per CIE Ganz 82
