

Maranello Gloss or Satin Paper

Maranello Photo Paper is an opaque white, inkjet-coated photo base paper with a gloss or satin finish. The photo base has a PE coating on the front and back side. The instant dry coating technology facilitates immediate drying and handling.

Uses

Wide format full-color printing. Designed for water-based dye and pigmented inkjet inks, universally compatible with thermal and piezo inks.

Advantages

High quality, gloss or satin finish photo paper designed for high-end graphic arts images. Super fast drying of all common inkjet inks, high-contrast image reproduction in brilliant, true colors with resolutions up to 1440 dpi. Photo realistic print-out with excellent edge definition and soft gradients. Excellent capability for lamination.
