

Megamount

Megamount is a premium-quality, multipurpose, 3.0 mil dry mounting tissue.

Uses

Thanks to its neutral pH adhesive and low bonding temperature, Megamount is perfect for bonding resin-coated photographs, posters, and printed materials to most smooth surface substrates. It's suitable for use in all dry mounting presses.

The QMLS difference

In today's fast-changing marketplace, we know how important it is to have a reliable source. Not just of products, but of knowledge and information. When you choose QMLS, you get someone who's as committed to the quality of your end product as you are. Someone who knows the options inside and out, and can help you choose the one that's best suited to your needs.
