

Duraguard Lustre Perforated

Duraguard Lustre Perforated is a PVC (vinyl) laminating film with a semi-gloss finish and excellent UV protection.

Uses

With a pH neutral adhesive and UV absorbers, Duraguard Lustre Perforated is perfect for use on non-porous media such as resin-coated photographs. It's also suitable for fabrics, canvas — even protection of raised surfaces such as leaves and dried flowers.

The QMLS difference

When you choose QMLS, you get the convenience of three fully-stocked distribution centers in Connecticut, Ohio, and Florida — allowing for same-day shipping and next-day delivery on most orders. Plus a follow-up call for every order, telling you when your products shipped, by what method, and when you can expect delivery. If your products are ever backordered, we give you the option of choosing an alternative at no additional cost to you.

Size	Catalog #
41" x 82'	0440170P
49" x 82'	0440180P

Specifications	
<i>Finish</i>	Semi-gloss
