

Duraguard Matte Perforated

Duraguard Matte Perforated is a PVC (vinyl) laminating film with a semi-matte finish and excellent UV protection.

Uses

Duraguard Matte Perforated is ideal for laminating canvas mounted photographs. When provided with adequate dwell time, temperature, and pressure, Duraguard Matte Perforated will take on the texture of the canvas for a subtle and realistic textured finish.

The QMLS difference

Quality comes first at QMLS. We find the best solutions for your mounting and laminating needs and bring them to you... on time and on budget. So you never have to worry about waste, reprinting, or relaminating.
