

## Instashield GWP

Instashield GWP is a 2 mil, gloss white polypropylene backer with a permanent pressure sensitive adhesive.

### Uses

When clear or transparent graphics need to be backlit, Instashield GWP is the perfect solution. It adds the needed opacity... without added thickness. Its aggressive pressure sensitive adhesive resists tunneling and delaminating to increase the life of rollable graphics. Instashield GWP is also the perfect complement to our ink-jet printable IJ Polycarbonate digital media.

### The QMLS difference

Quality comes first at QMLS. We find the best solutions for your mounting and laminating needs and bring them to you... on time and on budget. So you never have to worry about waste, reprinting, or relaminating.

Size	Catalog #
38" x 150'	0490838
51" x 150'	0490800

Specifications	
Face Material	Gloss white polypropylene
Adhesive	Permanent pressure sensitive acrylic
Liner	Glassine white
Thickness	Face material = 2 mil Adhesive = 1 mil Liner = 50 lb
