

Instashield Lustre

Instashield Lustre is a neutral finish vinyl film that provides a slight sheen.

Uses

For tradeshow materials and POP displays — indoors or out — Instashield Lustre has proven itself one of the most popular products in the industry for 12 years. It's thicker than many competing films and reduces reflections, while maintaining color contrast, even under heavy display lighting. Its acrylic solvent adhesive also makes it a good choice for outdoor applications.

The QMLS difference

Quality comes first at QMLS. We find the best solutions for your mounting and laminating needs and bring them to you... on time and on budget. So you never have to worry about waste, reprinting, or relaminating.

Size	Catalog #
13" x 150'	0480210
