

Instashield Matte E

Instashield Matte E is a tough, economical, matte finish vinyl film.

Uses

Instashield Matte E is an economical alternative to Instashield Matte. Using the same face film and release liner — plus an acrylic emulsion adhesive — it eliminates reflections and provides a softening effect to color graphics. It's ideally suited for television backdrops and other high-glare applications.

The QMLS difference

When you choose QMLS, you get the convenience of three fully-stocked distribution centers in Connecticut, Ohio, and Florida — allowing for same-day shipping and next-day delivery on most orders. Plus a follow-up call for every order, telling you when your products shipped, by what method, and when you can expect delivery. If your products are ever backordered, we give you the option of choosing an alternative at no additional cost to you.

Size	Catalog #
25" x 150'	0480125
